We Want To Know!

It is very important to both South County Community Services and Generous Hands that we serve the families of South County as fully as possible. We know that there have been changes in services available and we want to know how they are affecting YOU so that we can continue to plan our offerings to best meet the needs of people in the area. If there is a service that you need or an issue that you have, there are probably ten other people in the area with the same concerns, so please, let us know!!

1. If we could offer one new service to South County what would you like to see?

2. Is there anything else we need to know?

Thank you for your time!!
